

Inter-generational Rebalancing Conference

Where do we go from here? ..

- Presentations and slides will be accessible on the Share Alliance website, www.sharealliance.org.uk over the next fortnight
- Tina Zhang will prepare a report on the Inter-generational Rebalancing conference which will also be published on the website
- A podcast series on 'Stock for Data & Creativity', and potentially an online conference, will be developed over the few months, containing further analysis from the economic modelling undertaken by Capital Economics
- Once the UK Government is showing signs of stabilising, further work will be undertaken to deliver HMRC-allocated Child Trust Funds and introduce a CTF Mark 2
- We'll work on how best to do global inter-generational rebalancing; this could mean partnering with international media and philanthropists
- Further ideas will be welcome! Please contact Gavin Oldham or Eric French – gavin.oldham@share.institute
